

Baltic Dry Index

Freightos Baltic Index

The Freightos Baltic Indices reflect weekly spot rates for 40-foot containers based on 12 to 18 million price points collected every week on 12 main shipping trade lanes. The data is audited by the Baltic Exchange and includes the headline index – the FBX Global Container Index (FBX) – a weighted average of the 12 underlying route indexes. This data is published every Sunday. See www.balticexchange.com/market-information/containers/
