Singapore shares retreat despite strong early showing

STOCKS on the local bourse pulled back on Friday (Mar 28), despite the benchmark Straits Times Index (STI) hitting an all-time high in early trade.

The index crossed the 4,000-mark earlier in the day to hit 4,005.18 shortly after market open.

It eventually closed at 3,972.43, down 0.2 per cent or 9.14 points.

Across the broader market, decliners beat advancers 251 to 230, after 1.3 billion securities worth S\$1.3 billion changed hands.

Key regional indices finished in the red.

Japan's Nikkei 225 fell 1.8 per cent, South Korea's Kospi was down 1.9 per cent, Hong Kong's Hang Seng Index declined 0.7 per cent and the Bursa Malaysia Kuala Lumpur Composite Index retreated 1.4 per cent.

Across the Pacific, the United States economy expanded at a faster pace in the fourth quarter of 2024 than previously estimated, as its gross domestic product came in at 2.4 per cent, slightly higher compared with the expected 2.3 per cent in

analysts' forecasts.

In a note, Maybank analysts said: "(The US) gross domestic product print did not suggest that US exceptionalism was fading, although the impact of trade tariffs on future growth prospects should be of greater importance."

Back home, losses in the STI were led by consumer group DFI Retail Group Holdings, which declined 2 per cent or US\$0.05 to US\$2.39.

The top gainer for the day was bourse operator Singapore Exchange (SGX), which added 0.9 per cent or S\$0.12 to close at S\$13.37.

The three local banks all ended lower on Friday.

UOB was down 0.4 per cent or S\$0.17 at S\$38.09, DBS slipped 0.2 per cent or S\$0.11 to S\$46.47 and OCBC fell 0.5 per cent or S\$0.08 to S\$17.30.

HOT STOCK

SingPost climbs after divestment of Australian logistics business

By Evan See
evansee@sph.com.sg

SHARES of Singapore Post (SingPost) surged on Friday (Mar 28), a day after the company announced the completion of the sale of its Australian logistics business.

By 11.06 am, the counter had risen 7.7 per cent or S\$0.045 to S\$0.63, with 22 million shares changing hands, according to ShareInvestor data. The last time it traded at such levels was August 2022. The stock ended the Friday trading session at S\$0.615, up S\$0.03 or 5.1 per cent.

On Thursday, SingPost said it had completed the divestment of its Australian logistics business, Freight Management Holdings (FMH), for A\$1 billion (S\$845 million). The business was acquired by Australia-headquartered private equity investment firm Pacific Equity Partners.

The divestment generated higher-than-expected gross proceeds of about A\$781.5 million, and an estimated gain of S\$289.5 million.

Strategy reset

Sale proceeds will be used to reduce debt, including the repayment of a A\$362.1 million loan taken for the financing of FMH's acquisition.

In a statement on Thursday, SingPost said the sale necessitates a strategy reset for the group – earnings in the interim are now dependent on its postal and e-commerce logistics business in Singapore, its international e-commerce logistics business, and two major non-core assets that have been performing well.

"The successful divestment of the Australia business, along with potential future divestitures, will create a significant cash pool," it said. "This will allow SingPost to reinvest in its future, reduce debt, or return proceeds to shareholders, with the board ensuring these align with shareholder interests."
