

# BY KOVIT ANG YOU BETTER WATCH OUT

A RANGE OF COOL WATCHES  
TO SUIT EVERY OCCASION

**1. Right;  
ICE SIXTY NINE (LARGE)**

Simplicity and polished clean lines, so understated, now come with an array of striking bold colours. This solid red piece is sure to turn heads and elevate any day-to-day look.

**2. Below left;  
BMW MOTORSPORT (STEEL)**

Heading out for evening events or simply wanting a more sophisticated look? This vivid fan of German cars, and a driver of one myself, totally love how this watch captures the good feel and embodied the DNA of the BMW – something that transcends automotive design into a cool time piece.

**3. Far right;  
ICE SURF (EXTRA LARGE)**

A winter trip must have, this is the watch of choice. Winter wear tends to be bulky and heavy, at times it can look more clumsy than stylish. This orange piece serves as a statement piece, complementing a winter outfit to make sure I stay trendy while giving me the comfort to do any sports activities.
