Singapore shares rise amid mixed regional showing

STOCKS on the local bourse closed higher on Friday (Feb 20), even as regional markets turned in a mixed performance with investors evaluating escalating US-Iran tensions.

The benchmark Straits Times Index (STI) gained 0.3 per cent or 16.04 points to finish at 5,017.60.

Meanwhile, the iEdge Singapore Next 50 Index gained 0.7 per cent or 10.48 points to 1,521.21.

Across the broader market, losers beat gainers 304 to 280 after 1.4 billion securities worth S\$2 billion changed hands. The top performer among the STI constituents was Yangzijiang Shipbuilding, which gained 2.5 per cent or S\$0.09 to end at S\$3.73.

CapitaLand Investment came in at the bottom of the table, falling 1.3 per cent or S\$0.04 to close at S\$3.11.

The three local banks ended mixed on Friday. DBS rose 0.6 per cent or S\$0.37 to S\$57.99, OCBC was up 0.6 per cent or S\$0.13 at S\$21.72, and UOB slid 0.2 per cent or S\$0.06 to S\$38.60. Elsewhere in the region, key indices were mixed.

Hong Kong's Hang Seng Index and Japan's Nikkei 225

both fell 1.1 per cent. South Korea's Kospi rose 2.3 per cent, while Malaysia's FTSE Bursa Malaysia KLCI was almost flat.

This came amid oil prices rising to its highest level since August, following heightened geopolitical risks after US President Donald Trump warned Teheran that it had a "maximum" 15 days to reach a deal with the US or "bad things will happen".

"Market reactions from a risk scenario would include a rise in commodity prices including gold, and more volatile equity markets, as the energy sector adjusts," said Dr Nannette He-

chler-Fayd'herbe, chief investment officer for EMEA and head of investment strategy, sustainability and research at Lombard Odier. The private bank also expects "strong demand for haven assets, and government bond yield curves to steepen as inflation expectations rise and central banks assess the prospect of slower economic growth", she added.

Dr Hechler-Fayd'herbe said the bank's base case remains a negotiated outcome, noting that this view is consistent with the relative calm seen in financial markets so far.

Vicom posts 77.6% surge in H2 profit to S\$26.9m

By Chloe Lim
chloelj@sph.com.sg

VEHICLE inspection company Vicom on Friday (Feb 20) reported a 77.6 per cent jump in year-on-year net profit to S\$26.9 million, from S\$15.2 million, for the half-year ended Dec 31, 2025.

This comes on the back of its H2 revenue rising 54.4 per cent year on year to S\$97.6 million, from S\$63.2 million. The group has proposed a tax-exempt, one-tier final dividend of S\$0.053 a share for FY2025, up from S\$0.03 in the financial year before.

Its Friday bourse filing said: "Together with the interim tax-exempt, one-tier dividend of S\$0.031 paid on Aug 19, 2025, the total dividend for 2025 will be S\$0.084 per ordinary share, representing a payout ratio of 70 per cent, if the final dividend is approved by shareholders at the annual general meeting on Apr 22, 2026."

Earnings per share for its second half for FY2025 came in at S\$0.0759, up from S\$0.0428 in the same period the year before. The results achieved by Vicom comes as it installed over 251,000 on-board units (OBUs) as a partner of the ERP 2.0 migration exercise of the Land Transport Authority (LTA).

It was the highest number of OBUs installed among the four authorised partners, said the bourse filing.

However, the group expects overall demand for its testing services to fall in the year ahead.

"Demand for vehicle testing and related work is expected to taper off, following substantial completion of OBU installations in 2025," it said.

At the same time, demand for non-vehicle testing is expected to grow, with the addition of new testing capabilities through Vicom's integrated testing hub in Jalan Papan in Jurong, which becomes fully operational in the second half of the year.

Vicom CEO Sim Wing Yew said: "The Jalan Papan hub will provide expanded space to increase the operational capacity of our vehicle-inspection business, and house emerging and advanced non-vehicle testing services to meet rising industrial demands."

Shares of Vicom ended Friday 1.2 per cent or S\$0.02 higher at S\$1.72, before the release of the results.
