Singapore shares advance, tracking regional indices

STOCKS in the Republic rose on Friday (Aug 22), tracking regional indices.

The benchmark Straits Times Index (STI) closed 0.5 per cent or 22.12 points higher at 4,253.02.

Across the broader market, gainers beat losers 330 to 176 after 1.4 billion securities worth S\$1.3 billion changed hands.

The top gainer on the STI was Singtel, which advanced 2.2 per cent or S\$0.09 to S\$4.20.

The trio of local banks ended the day higher. DBS was up 0.4 per cent or S\$0.21 at S\$50.81, UOB rose 0.9 per cent or S\$0.31 to S\$35.40 and OCBC gained 0.2 per cent or S\$0.04 to end at S\$16.91.

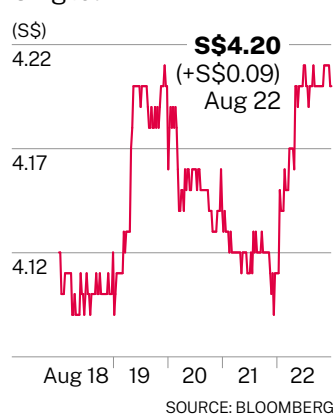

The biggest loser on the index was DFI Retail Group, which fell 1.3 per cent or US\$0.04 to US\$3.12.

This is the second consecutive day that the counter was the biggest loser, after falling 11 per cent on Thursday.

Across Asia, major indices were in the green. South Korea's Kospi and Hong Kong's Hang Seng Index both rose 0.9 per cent.

Top gainer

Singtel

Biggest decliner

DFI Retail Group

For full listings of SGX prices, go to <https://www2.sgx.com/>

The Bursa Malaysia Kuala Lumpur Composite Index rose 0.3 per cent and Japan's Nikkei 225 inched up 0.1 per cent.

Kai Wang, Asia equity market strategist at Morningstar, said the market is less optimistic that the Federal Reserve will cut rates in September.

"Both tech and financial services saw the biggest drawdowns given that concerns over semiconductor sector's high valuations resurfaced"

ahead of Fed chair Jerome Powell's speech at Jackson Hole, he said.

There are worries there will be no September rate cut, which sent investors to de-risk and take profits, Wang noted.

Investors will also be closely monitoring the speech for any clues on the potential for rate cuts for the rest of 2025 after recent job market weakness.

Chinese surgical robot maker Edge Medical said to file for HK IPO

CHINESE surgical robot company Edge Medical, backed by Singapore state investor Temasek Holdings, has filed confidentially for a Hong Kong initial public offering (IPO), according to people familiar with the matter.

The Shenzhen-headquartered company is looking to raise about US\$150 million to US\$200 million as soon as this year, the people said, asking not to be identified because the information has not been made public.

GF Securities and Morgan Stanley are working on the IPO, the people said.

Details of the offering such as size and timing are preliminary and may change, they said.

Representatives for GF and Morgan Stanley declined to comment. Edge Medical didn't respond to requests for comment.

High hopes

Edge Medical previously filed for a Hong Kong IPO in 2022, but the market ended up sliding to its lowest since 2009 that October.

Now, it's looking to list as Chinese health-care and biotech firms find favour among investors again. The Hang Seng Biotech Index has almost doubled since the start of the year on enthusiasm about foreign firms licensing Chinese drugs.

Guangzhou Innogen Pharmaceutical Group tripled on its Hong Kong trading debut this month after retail investors bid for more than 5,000 times the number of shares available to them.

Ab&B Bio-Tech has soared nearly 300 per cent since it started trading in Hong Kong about two weeks ago, while other strong stocks include Nanjing Leads Biolabs, which has doubled since July.

Founded in 2017, Edge Medical offers multi-port, single-port and bronchoscopic surgical robots. It was valued at over US\$1.5 billion in a crossover round in 2021, its website shows.

Its other investors include Boyu and OrbiMed Advisors. BLOOMBERG
