

Easing of safe management measures

Updated safe management measures from Mar 29

Group sizes increased from 5 to 10

Mask wearing required indoors but optional outdoors

75% of those who can work from home can return to the office

Capacity for large settings and event sizes of more than 1,000 pax raised to 75%

Dining in groups of 10 allowed with vaccination-differentiated checks. Without checks, dining in groups of 5 allowed

Alcohol purchase and consumption allowed after 10.30pm

Live performance and programme screenings allowed to resume at all venues

Singing, chanting and cheering allowed but with mask on

Border measures for arrivals from Mar 31, 11.59pm

Fully vaccinated travellers via air/sea only need to do a pre-departure polymerase chain reaction (PCR) test/professionally administered antigen rapid test (ART) or ART supervised by a licensed Singapore provider within 2 days before departure for Singapore.

Non-fully vaccinated travellers need to do an additional 7-day stay-home notice and SHN exit PCR test.
