Singapore shares end flat despite regional advances

LOCAL stocks ended Friday (Mar 14) muted despite a majority of the region finishing higher.

The benchmark Straits Times Index (STI) closed almost flat, down 1.5 points at 3,836.02.

Across the broader market, gainers beat losers 338 to 207, with 1.2 billion securities worth S\$1.3 billion changing hands.

Regional indices were largely higher. Japan's Nikkei 225 rose 0.7 per cent, Hong Kong's Hang Seng shot up 2.1 per cent but South Korea's Kospi fell 0.3 per cent.

These moves come after Wall Street indices fell overnight on US President Donald Trump's tariff threats against the European Union.

In a note on Friday, Eastspring chief investment officer Vis Nayar and chief economist Ray Farris said Trump's rhetoric indicates "significant and broad tariffs" despite stock market weakness, which could drag US gross domestic product growth.

"For markets, this implies continued US equity underperformance, particularly relative

to countries where policy is turning expansionary to offset the impact of tariffs," they said, adding that the Federal Reserve is "likely to be slow to respond" to weaker US growth as tariffs could be inflationary.

Back home, energy and urban solutions provider Sembcorp Industries was the biggest loser on the STI, falling 2.1 per cent or S\$0.13 to S\$5.96, after a deal inked by one of its subsidiaries to import natural gas from

Indonesia fell through.

The index gains were led by agribusiness Wilmar International, which added 1.9 per cent or S\$0.06 to S\$3.30.

Among the local lenders, DBS rose 0.3 per cent or S\$0.15 to S\$44.25 but its peers UOB and OCBC fell. UOB slipped 0.5 per cent or S\$0.17 to S\$36.71, while OCBC dipped 0.2 per cent or S\$0.03 to S\$16.48.

Sembcorp Industries falls after Indonesia gas deal scrapped amid regulatory hurdle

By Therese Soh and Bapat Sara Manish
therese@sph.com.sg
saramanish@sph.com.sg

SHARES of energy and urban solutions provider Sembcorp dropped on Friday (Mar 14), after a deal inked by one of its subsidiaries to import natural gas from Indonesia fell through.

The counter fell 2.1 per cent or S\$0.13 to end the session at S\$5.96.

News broke on Thursday that the deal inked by Sembcorp's wholly owned subsidiary, Sembcorp Gas, to import natural gas from Indonesia fell through due to the failure to obtain regulatory approval from authorities. Sembcorp Gas signed the deal, announced in September 2023, to import up to 111 billion British thermal units per day of piped natural gas from the Mako gas fields in Indonesia, with West Natuna Exploration, Emphyrean Energy and Coro Energy Duyung (Singapore).

Had the deal gone through, gas delivery was expected to start from 2026, for a tenure of about 11 years.

Sembcorp said on Thursday: "The gas sales agreement was subject to regulatory approvals as a condition precedent. As regulatory approval in Indonesia has not been obtained, the gas sales agreement will accordingly be terminated."

The company said that the deal's termination would not affect its energy costs or ability to meet gas supply requirements in Singapore, as it would continue to fulfil demand by leveraging its network of natural gas sources, including liquefied natural gas.

Thursday's announcement is not expected to have a material impact on Sembcorp's earnings per share and net tangible assets per share for the financial year ending Dec 31, 2025, it added.
