

# Vaccination: where we stand

\*Share of people who received at least one dose of COVID-19 vaccine (as of May 13, 2021)

\*Share of the total population that received at least one vaccine dose. This may not equal the share that are fully vaccinated if the vaccine requires two doses.

\*Share of the population fully vaccinated against COVID-19 (as of May 13, 2021)

\*Share of the total population that have received all doses prescribed by the vaccination protocol. This data is only available for countries which report the breakdown of doses administered by first and second doses.
