Singapore shares fall amid broad declines in Asia; STI down 0.4%

SINGAPORE stocks ended lower on Friday (May 8) as regional markets largely retreated.

The benchmark Straits Times Index (STI) lost 0.4 per cent or 20.06 points to finish at 4,921.90.

Jardine Matheson Holdings (JMH) led the gainers on Singapore's blue-chip index, rising 1.6 per cent or US\$1.10 to end the day at US\$71.28.

The worst performer among STI constituents was Hongkong Land, which fell 5.2 per cent or US\$0.45 to US\$8.25.

The three local banks ended mixed.

OCBC rose 0.2 per cent or S\$0.04 to S\$21.92; the lender on Friday reported a 5 per cent rise in net profit for the quarter ended Mar 31 to S\$1.97 billion, from S\$1.88 billion a year earlier.

Meanwhile, DBS finished 0.3 per cent or S\$0.18 lower at S\$58.68, and UOB fell 0.4 per cent or S\$0.14 to close at S\$36.56.

Within the iEdge Singapore Next 50 Index, BRC Asia was the top gainer, rising 5.6 per cent or S\$0.25 to S\$4.70.

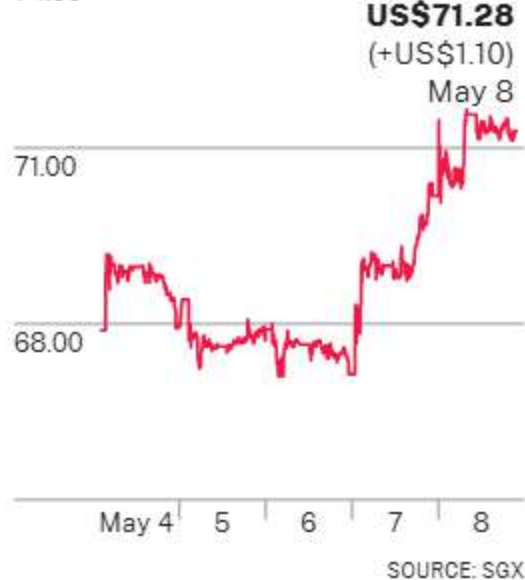

Yangzijiang Financial was the index's biggest decliner, falling 7.4 per cent or S\$0.02 to

end the day at S\$0.25.

Across the broader market, gainers trailed losers 248 to 337, after 1.8 billion securities worth S\$2.4 billion changed hands.

Key regional indices were mostly lower.

Hong Kong's Hang Seng Index lost 0.9 per cent, Japan's Nikkei 225 fell 0.2 per cent, and the FTSE Bursa Malaysia KLCI declined 0.6 per cent, while South Korea's Kospi was up 0.1 per cent.

"Investors are increasingly trapped between two compet-

ing narratives: resilient technology optimism on one side, and tightening financial conditions driven by energy and geopolitical risk on the other," said Stephen Innes, managing partner at SPI Asset Management.

"As long as the Strait of Hormuz remains unstable, markets are likely to remain highly headline sensitive with volatility capable of returning very quickly across all major asset classes," he added.

Air India weighs cost cuts, flight reductions as Iran war worsens financial struggles

AIR India is looking to implement measures to cut costs and reduce flights in the wake of the Iran war, people familiar with the matter said, just as the unprofitable airline searches for a new leader to navigate an exceptionally difficult period.

Among the measures discussed in a board meeting on Thursday (May 7) were furloughing non-technical employees and cutting flight capacity by over 20 per cent for the next three months unless the situation improves, said people with knowledge of the matter, who did not want to be identified as the discussions are private.

The board also discussed paying out lower bonuses for all employees and pay cuts for those at the level of vice-president and above, the people said. The cost-cutting measures at India's second-largest airline are likely to be announced soon, they added.

An Air India representative did not immediately respond to a request for comment.

Piling on

The moves signal the first major sign of distress at an Indian airline since the start of the Iran war, which has roiled the aviation industry worldwide.

For Air India, the war compounds its existing struggles following a fatal crash and airspace closures due to the border flare-up with Pakistan in 2025.

The carrier closed the financial year on Mar 31 with a record net loss of more than 220 billion rupees (S\$3 billion). Singapore Airlines, which owns 25.1 per cent of Air India, has seen its earnings dragged down by the losses and as a result is deepening its operational involvement at the carrier.

The turmoil also comes as the Tata Group-owned airline is looking for a new chief executive officer to replace Campbell Wilson, who resigned in April.

India's largest carrier IndiGo appointed aviation veteran Willie Walsh as its new CEO at the end of March to steer it through a particularly tough time for the country's airlines. BLOOMBERG
