

# Simplified rules, VTL tests from Mar 15

## Safe-management measures

- 1m safe distancing lifted in mask-on settings
- Up to 5 household visitors at any given time, up from 5 a day
- Workplace requirements aligned with community rules; gatherings of 5 allowed
- Unvaccinated children under 12 from different households may take part in vaccination-differentiated activities together
- All sports can resume with up to 30 fully vaccinated participants at approved facilities
- No caps and zoning requirements for events under 1,000 people (including religious services, business events, weddings, and funerals)
- 50 per cent venue capacity for mask-on events with more than 1,000 attendees; no capacity limit for mask-off events, where 1m distancing and group size limits apply.

## Simpler testing for VTL arrivals

- On-arrival unsupervised self-swab antigen rapid test for Vaccinated Travel Lane and Category 1 travellers within 24 hours of entry, instead of a supervised one
